

ENRICHMENT PROGRAMME

Welcome to the B6 ENRICHMENT PROGRAMME

College is much more than just your academic qualifications.

At The Sixth Form Bolton, we believe in developing the whole person as we want you to achieve your full potential in and out of the classroom. WHY ENRICHMENT?

Enrichment teaches you new skills and builds on your existing subject knowledge to make you stand out from the crowd when applying for university or employment. It is also a great way for you to make new friends and have fun.

Key skills that both employers and universities are looking for include:

WHAT'S ON OFFER?

B6 offers a wide range of enrichment activities which you can take part in alongside your academic studies. Although this is completely optional, we believe in creating a balance between studying for your qualifications and doing something you find personally rewarding.

B6 ALUMNI

Enrichment is a great way to develop skills that will enhance your future career opportunities. Hear from a few of our former successful students:

Dominic Prashant Patel

Freelance Theatre Technician & Lighting Designer

"After College, I progressed onto the University of Hull where I graduated with a degree in Music. Whilst at B6, I joined the Soul Band and assisted the performing arts enrichment during their musical productions. I would say any form of enrichment activity is truly valuable to anyone, especially if you're not sure what you want to do after college. The skills and connections I learnt while doing something I enjoyed really helped boost my confidence."

Anna Lewis

Legal Risk Executive

"After leaving the Sixth Form, I went on to read Law at Manchester Metropolitan University where I graduated with a 2:1. I currently work as a Legal Risk Executive at a Fire Engineering firm. The Law Society helped me develop my confidence, emotional intelligence and communications skills, all of which support me in my current role, as I participate in client negotiations and meetings with lawyers. My enrichment really helped me to lay the foundation which has supported me both at university and now in my current career."
